## THE BUILDING

The Building at 2650 Queensview Drive in Ottawa's West End is highly visible to the Queensway traffic. From this convenient location Tenant's and visitors alike can have immediate access to the region's high-tech sector to the West or to Ottawa's downtown business core to the East.

This complex features an attractive atrium and boasts state-of-the-art technology that ensures an energy-efficient working environment. A micro-processor controls the energy management systems for total building comfort, and solar cell sensors control motorized interior window shades for air conditioning efficiency.

## ON-SITE PROPERTY MANAGEMENT

A micro-processor controls the energy management systems for total building comfort, and solar cell sensors control motorized interior window shades for air conditioning efficiency.

A computerized Tenant Maintenance Request System provides immediate response and close follow up of all tenant maintenance requests and other enquiries.

2650 Queensview also has a Itinerant Building Manager and Day Porter.
