On Site Property Management

MANAGEMENT

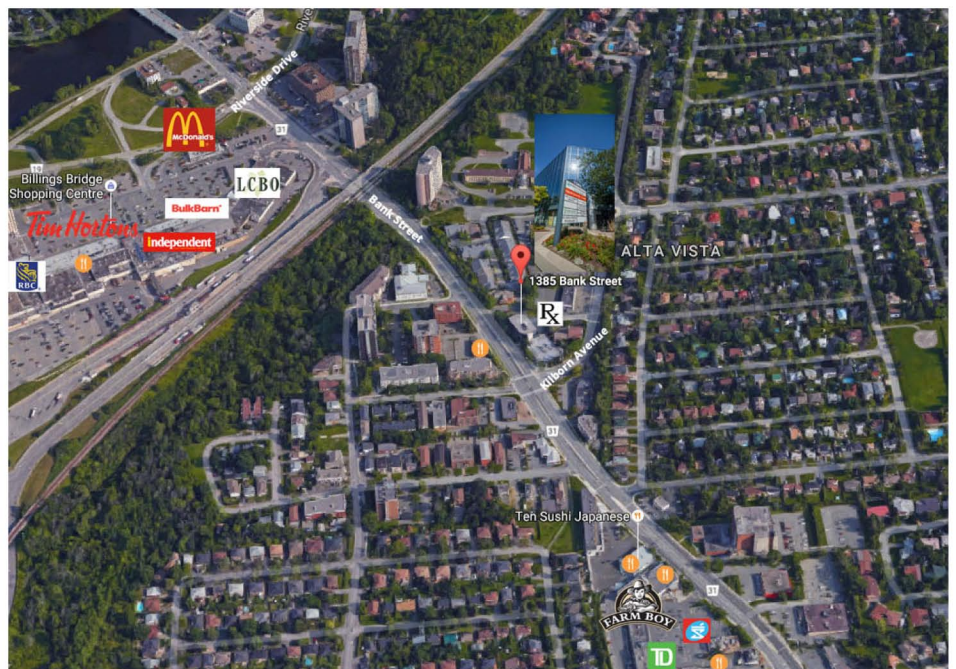

A computerized Tenant Maintenance Request System provides for early response and close follow up of all tenant maintenance requests and other enquiries. On-site Day Itinerant Building Manager as well as a Day Porter.

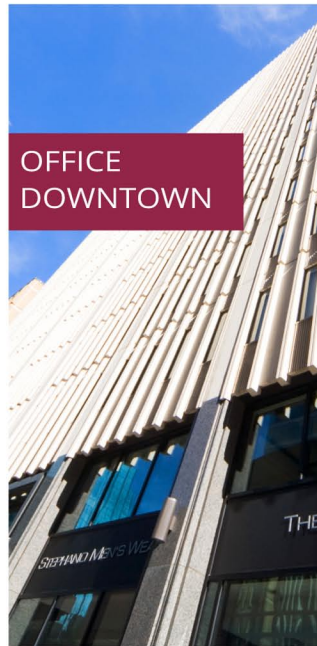

THE BUILDING

Complete requirements of both the medical practitioners and the patients were considered the design of the Kilborn Medical Centre. Its highly visible location in south Ottawa, at the corner of Bank Street and Kilborn Avenue, was chosen for its proximity and easy access to the region's other medical facilities. The Riverside Clinic, the Ottawa General Hospital, the Children's Hospital of Eastern Ontario and the National Defence Medical Centre are all just minutes away.

The centre can be equally accessible from all parts of the city, as public transportation stops at its front door.

SINCE 1949.
